History: The Complainant alleges that on 25 Oct. 2011 at 2030 Hrs. she was showing her boyfriend (witness) and a friend, her new vehicle in front of her house. A short time later a marked Chicago Police vehicle pulled up and activated their emergency equipment. Two male white uniformed Officers exited the police vehicle and one of the Officers handcuffed her boyfriend and her friend. This same Officer then approached the drivers side door of her vehicle and told her to get out of the vehicle. When the complainant asked him why they were being stopped he handcuffed her also and told her to shut up and get over by the others. The complainant goes on to state that she repeatedly asked the Officer why they were stopped and handcuffed and the same Officer kept telling her to shut up. The Officer then searched her car and after they checked her I.D.'s they unhandcuffed them and left the scene without giving her any explanation.
